

# Accreditation

The Deutsche Akkreditierungsstelle attests with this **Accreditation Certificate** that the inspection body Type A

**MPA Dresden GmbH**  
**Fuchsmühlenweg 6F, 09599 Freiberg**

meets the requirements according to DIN EN ISO/IEC 17020:2012 for the conformity assessment activities listed in the annex to this certificate. This includes additional existing legal and normative requirements for the inspection body, including those in relevant sectoral schemes, provided they are explicitly confirmed in the annex to this certificate.

The management system requirements of DIN EN ISO/IEC 17020 are written in the language relevant to the operations of inspection bodies and confirm generally with the principles of DIN EN ISO 9001.

This accreditation was issued in accordance with Art. 5 Para. 1 Sentence 2 of Regulation (EC) 765/2008, after an accreditation procedure was carried out in compliance with the minimum requirements of DIN EN ISO/IEC 17011 and on the basis of a review and decision of the appointed accreditation committees.

This accreditation certificate only applies in connection with the notices of 18.08.2023 with accreditation number D-IS-17819-01.

It consists of this cover sheet, the reverse side of the cover sheet and the following annex with a total of 5 pages.

Registration number of the accreditation certificate: **D-IS-17819-01-00**

Berlin, 18.08.2023

Dipl.-Ing. Evelyn Körner  
Head of Technical Unit

Translation issued:

## Deutsche Akkreditierungsstelle

### Annex to the Accreditation Certificate D-IS-17819-01-00 according to DIN EN ISO/IEC 17020:2012

Valid from: 18.08.2023

Date of issue: 18.08.2023

Holder of accreditation certificate:

**MPA Dresden GmbH**  
**Fuchsmühlenweg 6F, 09599 Freiberg**

The inspection body type A meets the requirements of DIN EN ISO/IEC 17020:2012 to carry out the conformity assessment activities listed in this annex. The inspection body meets additional legal and normative requirements, if applicable, including those in relevant sectoral schemes, provided that these are explicitly confirmed below.

The management system requirements of DIN EN ISO/IEC 17020 are written in the language relevant to the operations of inspection bodies and confirm generally with the principles of DIN EN ISO 9001.

**Inspections in the production department in the area of portable fire extinguishers, mobile fire extinguishers and fire extinguishing agents as to their compliance with certain requirements;**

**Inspections in the production department in the area of safety storage cabinets for determining their conformity to specific requirements;**

**Inspection in production for certifications within the European mandatory field (EU CPR) of products or product groups:**

**Gypsum products, roof windows and ancillary products for purposes subjects to guidelines on fire behaviour, internal and external wall and ceiling finishes as well as energy, control and communication cables**

*This certificate annex is only valid together with the written accreditation certificate and reflects the status as indicated by the date of issue. The current status of any given scope of accreditation can be found in the directory of accredited bodies maintained by Deutsche Akkreditierungsstelle GmbH at <https://www.dakks.de>.*
